

PACIFIC is a **NZ MADE**, Yarn Dyed wool jacquard with the Environmental Choice NZ certification. This design, as the name suggests, is themed around the natural elements of the Pacific, reminiscent of paua shells, ocean swells, sea breezes, night skies and the cultures of the islands of the Pacific.

general care

Vacuum furniture regularly to prevent dust build-up and fibre migration. Professional cleaning is recommended. Treat stains carefully with solvent base upholstery product with caution. Any cleaning agents must be used strictly in accordance with manufacturer's instructions. It is advisable to vacuum before cleaning to remove loose dirt and dust. Clean stains from outside in, do not rub.

usage

Heavy duty commercial seating, panels and partitions for corporate and small office fit outs, education, cafés & bars, hospitality, residential and general commercial use.

Apply fabric in same direction. Colours may vary slightly between dye lots.

environmental care

We recycle to reduce waste. Please return any samples you no longer require.
